

**View/Update Product Listing**

There are multiple options available to View/Update Product Listing(s).

1. You will have the option of updating Product Listing(s) from an Excel file.
2. You will have the option of saving any edits made to Product Listing(s) as a draft. Click on the Save Draft and Exit button to save a draft. Changes in this draft must be submitted before any additional changes can be made within the account.
  - At any time, you can discard updates made to Product Listing(s) within the draft by clicking on the icon in the Action column.
  - At any time, you can discard all updates made in the draft by clicking on the Discard Draft button.
3. If you have multiple files or large files (up to 2GB per file) that need to be uploaded, then click on the Save and Upload button below to navigate to the FURLS Upload site.

**View/Update Product Listing**

There are multiple options available to View/Update Product Listing(s).

1. You will have the option of updating Product Listing(s) from an Excel file.
2. You will have the option of saving any edits made to Product Listing(s) as a draft. Click on the Save Draft and Exit button to save a draft. Changes in this draft must be submitted before any additional changes can be made within the account.
  - At any time, you can discard updates made to Product Listing(s) within the draft by clicking on the icon in the Action column.
  - At any time, you can discard all updates made in the draft by clicking on the Discard Draft button.
3. If you have multiple files or large files (up to 2GB per file) that need to be uploaded, then click on the Save and Upload button below to navigate to the FURLS Upload site.
