218 avenue du Haut Lévêque
33600 Pessac – France

Dear Jessica Espiritu,

I am writing you to inform you of the completion of your FDA Ingredient Listing submissions project. The project was completed on May 7, 2018.

FDA Ingredient Listing is the main submission required for international manufacturers' products and completion of this submission should bring your products up to date with FDA submission requirements, presuming all other FDA product requirements are met.

The next major submission required by FDA, Harmful and Potentially Harmful Constituents (HPHCs) testing, is scheduled to be due in November 2019.

In summary, on May 7, 2018, Elix Health Associates completed the required FDA Ingredient Listing submissions for the following 1100 products to the US Food and Drug Administration (FDA) on behalf of Vincent Dans Les Vapes:

1. VINCENT DANS LES VAPES APRICOT PG VG 4060 0MG 20ML
